Notes:

* During the 2005 Census, age was asked in just 3 categories; the 2007 Census extended these categories to 7 to get a better understanding of the population

The Hillsborough County Homeless PIT Count is conducted by the Homeless Coalition of Hillsborough County, every two years during the last week of January. In 2009 an exception was given by HUD and the count was conducted February 26, 2009

Because it is impossible to count every homeless person in a 24-hour period, the homeless count is always an undercount and serves as an estimation of a community's homeless population.
